

31st Festival Flamenco Internacional de Alburquerque

With the mission of preserving and promoting Flamenco's artistry, history, and culture among both national and international communities, this Festival brings the finest Flamenco artists to Albuquerque.

For eight days each June, the National Institute of Flamenco and the University of New Mexico host the Festival Flamenco Internacional de Alburquerque, filling the city with the pulse of Flamenco, the ancient form of artistic expression of the Spanish-Gypsy culture. The lure of flamenco is its ability to explore the full range of human emotion with an intense, vibrant quality.

- **On Thursday, June 14 at 8 pm.**

Flamenco is an art of tradition, which in many families passes from parents to children as something natural, something that, as a child, seems like a game. As time passes, it becomes an indispensable and essential part of life. One of those families is the de los Reyes family, a Gypsy family that defends their racial and traditional dance.

In addition to these main performances, the Festival presents other activities such as workshops, lectures, orientation sessions, *tablao* performances by guest artists, and more. [View the full program](#) (PDF).
