

'Minimón'

This whimsical performance explores the inner elements of a child's ordinary life.

MONS danza presents *Minimón*, the tale of a girl named Lua who loves discovering the imaginative worlds children create as they play. When kids are away, Lua sneaks out and explores the enchanting creations that they have left behind. Upon the children's return, she runs to hide, leaving behind new games and ideas to ensure that they never stop dreaming.

Following the performance, a workshop will be held to help kids explore creative dance and choreography. Participants will learn to express their emotions and ideas through movement, and will find that dance is not a discipline intended for few, but rather a tool of self-knowledge and socialization from which anyone can benefit. This is a family play recommended for children ages 1 to 6.
