

OFFF Cincinnati 2015

The best creative conference in the world is coming back to Cincinnati featuring some of the world's biggest names and brightest minds exploring design and technology at this moment.

Founded by Héctor Ayuso, OFFF is a community inviting all those who are eager to learn to participate and get inspired in a journey of conferences. OFFF takes place in Barcelona annually, while it tours the world as OFFF on Tour for the rest of the year. For four outstanding years, OFFF Cincinnati has been bringing artists and designers from around the world to share their work and inspiration. What differentiates OFFF from other conferences is the passion and diversity of techniques that the presenters share, from handcraft and analog to cutting edge digital processes. OFFF features some of the world's biggest names and brightest minds exploring design and technology at this moment –including coders, illustrators and motion graphic designers.
