

LATINO/US Cotidiano

A national traveling exhibition and photobook visualizing, through twelve of the most talented photographic voices working internationally, the U.S. Latino experience today.

SPAIN arts & culture is pleased to present a national traveling exhibition and book, *LATINO/US Cotidiano*. Literally meaning “everyday life,” *Cotidiano* is a dynamic look at the rapidly changing nature of the Latino experience in America. The exhibition will run from May 23 through August 20 at the CCEMiami.

The Hispanic population in the U.S. has reached the 50 million mark, making the Latino community the largest minority in the country for the first time. One out of every six Americans is now of Hispanic origin, an impressive social transformation with enormous political, economic, and cultural consequences. Outdated stereotypes, racial profiles, and past cultural archetypes no longer accurately reflect a nation enriched by a growing and diverse population. But what does it look like today?

To better understand this culturally shifting phenomenon, SPAIN arts & culture commissioned Claudi Carreras, one of the foremost experts on IberoAmerican Latino photography, to research and gather the strongest photographic voices working today on issues of Latino identity. According to Carreras, *although many artists work on Latino issues, we wanted to focus on artists that challenge the identity of the Latino community in the States.*

For *LATINO/US Cotidiano*, Carreras selected established and emerging photographers of Latino descent who embrace the theme and also excel at their craft. The exhibition and photobook includes noted artists [Carlos Álvarez Montero](#), [Sol Aramendi](#), [Katrina Marcelle d'Autremont](#), [Calé](#), [Ricardo Cases](#), [Livia Corona](#), [Héctor Mata](#), [Karen Miranda](#), [Dulce Pinzón](#), [Susana Raab](#), [Stefan Ruiz](#), and [Gihan Tubbeh](#).
