

10th Cine Latino Film Fest

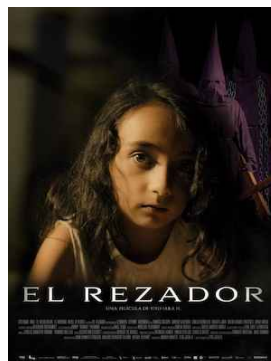

MSP Film Society presents the 10th edition of its annual Cine Latino Film Fest, including the screening of 8 Spanish films.

Cine Latino was launched in 2012 by MSP Film as the Upper Midwest's first showcase of the best of new Latin American, Iberian and U.S. Latinx cinema. The intention was to engage with and reflect the cultures of Minnesota's growing Spanish- and Portuguese-speaking communities, celebrate their rich filmmaking histories and cutting-edge film industries, and draw in the Twin Cities' community of global cinephiles.

C. is a talented sound designer, passionate about her work. After delivering a few sound mixes with clear defects of synchronization, her employers believe that she is going through a phase of psychological instability, and that they cannot trust her with new projects. She will then realize that, just like a film with a faulty soundtrack, her brain is processing sound later than images. As the time lapse extends, day after day, she will face hardships, be forced to give up her job and reconsider her whole life.
