

Behind the Scenes: The Hispanic Society of Americas

Enjoy an insider's view of the treasures housed here as Dr. Andrea Ortuño shows and describes priceless art unavailable to the general public.

These collections, from ancient medieval Iberia, Spain, Portugal and Latin America, are unparalleled in their size and scope outside the Iberian Peninsula.

Tour the collection—including drawings and works by Goya and Sorolla—as well as parts of the library and see the outstanding prints, photographs, artifacts, rare books and manuscripts, and much more.
