

# Stardust Wishes at Coolture Impact

Coolture Impact presents “Stardust Wishes,” an interactive playground where visitors can create their own fireworks and kaleidoscopic lightshows.

*Stardust Wishes* at Coolture Impact, the largest interactive public art platform, intertwines reality and fantasy through the looking glass. By moving, dancing, waving, or pointing, visitors create their own spectacular lightshow. Whether shooting holiday fireworks across the massive screen, effortlessly creating swirls of kaleidoscopic colors with a wave of their hand, or swaying and abstract deco cityscapes of light move with them, they are essential participants in a unique artistic experience created by themselves and the visitors around them.

*Stardust Wishes* even offers each visitor the opportunity to see and capture their self through the magic of *Stardust Me!*, a unique selfie photo booth that will capture their image surrounded by fantastic effects and incorporate them within the artwork.
