

Birdie by Agrupación Señor Serrano

Agrupación Señor Serrano, the internationally acclaimed theater company from Barcelona, presents the U.S. premiere of “Birdie” at the New Hazlett Theater.

BIRDIE BY AGRUPACIÓN SEÑOR SERRANO

- On Thursday, April 26 at 8 pm.
- On Friday, April 27 at 8 pm.

Birdie is a multimedia performance with live video, film fragments, scale models, 2,000 mini animals, and three performers tackling this messy world with wit, criticism, and an unfailing commitment to humankind. *Birdie* manages to actually perform a migration: a movement between the mirages of two worlds—one confounded by war, displacement, human smugglers, and ecological devastation—and one that enjoys civil society, sanitary conditions, renewable resources, and a common welfare. What connects the two is an unstoppable journey of migrants and the ceaseless movement of all that exists. The border between stage and screen, word and image, Hitchcock’s *The Birds*, and the game of golf dissolve before your eyes.
