

Visions from Spain, a Horn & Piano Soirée

Javier Bonet (French horn) and Miriam Gómez-Morán (piano) present a program from Schumann to the contemporary Juan J. Colomer, together with a challenging selection from their latest album.

Javier Bonet and Miriam Gómez-Morán present in *Visions of Spain, A Horn & Piano Soirée*, a program that encompasses not only one of the most characteristic pieces for this ensemble such as *Adagio & Allegro* by Schumann, but also the American première of Juan J. Colomer's work, *Visions*, followed by a selection of pieces of their latest CD, *Just for Fun*.

All in all, *Visions of Spain, A Horn & Piano Soirée* presents a different view of the Spanish musical flavor, connecting the folklore to the contemporary, throughout a musical couple formed by these two instruments.

Javier Bonet will offer a free Master Class for the students of the University before the Concert, at 4:30 pm.
