

# EuroAsia Shorts 2013

A selection of short films from Europe, Asia, and the United States screened at embassies and cultural centers throughout Washington, D.C.

Now in its eighth year, *EuroAsia Shorts* began as the *Asian European Short Film Showcase* and remains an original collaboration between a small group of embassies and cultural center staff.

The festival has presented more than 170 short films since 2006, including many award-winning films making their U.S. debut. Each year presents a variety of films connected by a single theme with post-film discussions on the first four nights, offering an international cinematic dialogue.

The theme for *EAS 2013* is The Future. From careers to love to the stars, the future is wrapped in uncertainty, and always on our minds in one form or another. Sometimes it is a source of anxiety; other times, wide-eyed wonderment. Whatever it holds, its promise is universal.
