Presented by the Jewish Community Center of Northern Virginia. *ReelAbilities Traveling Program* is presented with the support of The Saul Schottenstein Foundation B.

ReelAbilities is the largest festival in the country dedicated to promoting awareness and appreciation of the lives, stories and artistic expressions of people with different disabilities.

Initiated in New York in 2007, the festival presents award-winning films by and about people with disabilities in multiple locations throughout each hosting city. Post-screening discussions and other engaging programs bring together the community to explore, discuss, embrace, and celebrate the diversity of our shared human experience.

SIX POINT ABOUT EMMA (SEIS PUNTOS SOBRE EMMA)

- By Roberto Pérez Toledo. Spain, 2012. In Spanish with English subtitles. [View trailer.](#)
- Emma is blind but she believes she can see everything very clearly; she wants to become a mother. She yearns it obsessively. After finding out her boyfriend is not able to get her pregnant she breaks up with him and goes on a search for the perfect sperm, without falling in love or getting emotionally involved. Sounds simple enough but soon she will find out that her blindness affects more than just her sight.
